

Materials, equipment and service
NOT ONLY for construction professionals!

TONSTAV-SERVICE Ltd. is a trading company specialized in the construction sector.

We have been providing our services on the Czech market since 1996. The company headquarters is based in Czech Budejovice. In the course of our business including the division in Ceske Budejovice we have also built a network of offices in Prague, Beroun, Brno, Ostrava and Hradec Kralove, where we serve customers throughout the Czech Republic and abroad.

By joining with a strong foreign partner - Austrian concern Lorencic GmbH Nfg & Co KG, it, together included almost a hundred of other companies we became a part of a large European holding company SCHMID INDUSTRIE HOLDING.

We provide complex services and maintenance not only for building professionals.

Sales, rental and servicing of construction machinery and equipment

We offer plastering and conveying equipment, concrete pumps, mini cranes and lifting equipment, construction lifts and winches, industrial vacuum cleaners, machines for pumping concrete, mobile compressors, scaffolding, building mixers, grinders and cutters etc. Our product range is represented among Brands like Brinkmann, Putzmeister, Jekko, GEDA, Starmix, Somero, Rokamat, PFT and M-TEC, CompAir, ATIKA, HTC, DIEM, NORTON. We provide warranty and post-warranty service, spare parts and consulting on all products.

Specialized sale of goods and materials

Although our catalog contains more than 10,000 items, we focused on a specialized range of products that we are trying to adjust flexibly in response to the current demands of our customers.

Sales of dry construction materials

Sales of dry construction materials range represents a complete plasterboard systems, including thermal, acoustic and fire insulation from leading European manufacturers. The range is due to the required capacity of the storage area conducted so far only in Czech Budejovice, while in other places in the Czech Republic, we realize a direct truck delivery.

Quality

It is for us as important as well as individual and especially the human approach to the customer. Our portfolio includes only proven products from reputable manufacturers and brands. We do not compete over the lowest price rates, our goal is professional quality and reliability. Our customers are satisfied in the long run, not only at the time of purchase. We build long term business relationships based on trust and individual approach.

Our goal

Our goal and desire is that you always have the feeling that working with us is a real solution – it is not about empty words; but that at the other end of the phone line are real people who listen to you - not a robot; your success and your satisfaction are always on our list of priorities in the first place, and together we will find the way to your destination!
